WATER SOLUTIONS

FACT SHEET

Liv™ Premium Built-In Residential Filtered Water Dispenser

Imagine hosting a party where guests can help themselves to fresh, filtered water from a stylish, built-in water dispenser in an entertaining space outside the kitchen. Elkay's Liv Premium is the first built-in filtered water dispenser designed especially for the home. The unit provides filtered water, giving homeowners the added assurance of knowing they are serving family and friends cleaner, healthier water.

Fresh, Filtered Water

Now it's easier to have quality drinking water at home with the 71300C filter that reduces forever chemicals (PFOA/PFOS), lead, microplastics, and more. The filter is made with activated carbon to improve taste and odor, and reduce other harmful contaminants.

Filter Status Lights

Colorful lights indicate when the filter needs to be changed, so homeowners always know they are serving filtered water.

Bottles Saved

Backlit bottle counter keeps track of the number of disposable, single-use plastic bottles served without plastic bottle waste.

Chic Styling

Sleek glass front with brushed stainless steel alcove and an optional brushed stainless steel filter box look great in any room. Intuitive alcove lighting brightens when dispensing water.

Sensor Activated with Safety Lock

Hands-free filling with automatic timed shut off to help prevent accidental spills. Optional setting prevents unsupervised use; ideal for families with children or small pets.

About Elkay

For more than 100 years, Elkay® Manufacturing has been making innovative products and providing exceptional customer care. We take pride in offering plumbing products that make life easier, inspire change and leave the world a better place. Headquartered in Downers Grove, Illinois, Elkay is American owned and operated, providing thousands of jobs that support our families and communities. We are proud to be America's No. 1 selling kitchen sink company, as well as a leading manufacturer of award-winning water delivery products, including the ezH2O® bottle filling station.
